11th April 2019

Visitor from Spain

The first time I've been in Poland was with the Erasmus project.

I went there with my friends and we were there about five days. I fell in love with Nowa Sól, there were so many fun things to do! The host family was amazing, I've been very comfortable. I also tried typical dishes from Poland and I loved it. I'm very grateful with the family. I met lot of new people. For me it was one of the best experiences of my life. The workshops and the activities form the project were so interesting too.

We were speaking in English with all the european partners and also with all the teachers involved. I hope to keep in touch with all of them in the future.

This project has made me to fall in love with travelling around the world and knowing new cultures.
