Travelling to Poland was one of the best experiences in my life. We did several interesting trips and I was staying at Dominik's house.

Been at Dominic's house was so good and the family treat me as if I was a member of his family, it was amazing.

Wroclaw and Zelona Góra were two nice trips, we visited the most important places from these towns and we saw monuments which were destroyed and rebuilt again after the 2nd World War, it was so cool, it seemed sometimes as if I were in a real history movie.

The workshop that we did with the digital applications was so useful and I really enjoyed it. But what was definitely the best part of this was meeting the Polish students that are involved in this project with us from the beginning. This has been an unforgettable time and I will always think about this time with a lovely image in my mind.
