MARCH, 2019

Hello, my name is Alba Ayllón and I'm from the Spanish group.

I would like to say that I'm so grateful for participating in the Erasmus project. Hannah was the girl that was in my house, from Austria.

During the week I was talking with her all the time, we became very good friends. I love the excursions to Cartagena, or the afternoons meets with all the students and I'm sure that my English is better now, with only one week together. The thing that I didn't like is the little bite of time that we have been together. I'm eager for going to Austria and see all of them another time, however.

I like so much this experience with the people, with that experience I could some guys that will be my friends forever.

The most important thing is that with the project I've expand my knowledge, learn about other countries like Poland, Turkey and Austria.

I'll miss all of the Erasmus students and I hope see all of them one more time .

Regards
