MARCH, 2019

Hello;

My name is Alejandro Rubio Mayor and I'm going to talk about my experience in Erasmus+KA229.

My experience with Nico (the guy who came to my house in Spain) was amazing. The activities were very well organised, in my opinion the best one was the trip to Cartagena because I love the beach, the history and the sun. The worst thing was the visit to the Huerta's museum because we were short of time and we didn't see all.

Nico was very nice because he was always asking me about the things that we could do and he never did nothing that I wouldn't like to do, in the house he was clean and had a good behaviour with all the people of my family.

In conclusion, I would like to do a project like that any time I could do it.

Thanks for all.

Regards.
