Erasmus + KA229
INTEGRATION OF MOBILE APPS
INTO EDUCATION
2018-2020

MARCH, 2019

Hello , I'm Paula Hernandez from Spain.

I'm going to talk about the ERASMUS+ KA229, my experience.

In this week I had a lot of fun with all the Erasmus' guys, I really enjoyed the visits with the school in the mornings but the thing I liked the most, was when we went to Cartagena and we spent almost 4 hours in the beach with all our friends.

The thing that I didn't like was when we went to visit "El museo de la huerta" because I expected another thing.

My partner, Claudia is incredible, I'm looking forward to going to go to Austria and see her again, and I hope we can see each other after this project, I'm really missing her right now.

I wouldn't change anything because I think that all the week was incredible and I made very good friends, It's an experience which I'll never forget, I'm sure, I would repeat it definitely.

to sum up, I would like to say that the project Erasmus+ K229 has been amazing.

Regards.
