

Selin Aşkın

Dear Poland,

I went to the best place in my first overseas adventure. I knew new people in Poland and I will miss everyone very much. Was a great week for me. Nadia's family was very kind to me. It was a really nice family. Nadia's family made me feel at home. I thank them for their hospitality and smiles. I also want to welcome them in turkey. I loved the culture, city, education system, schools all of them very much. I'm glad I went to Poland. Endless thanks for everything. Hope to see you next time, goodbye.

People have always been kind to me since I went to Poland. It was a very nice place I liked Poland. I went abroad for the first time but people made me feel at home. I stayed at Julia Adamowska's house. Julia's mom and his father were so nice to me. I had many friends in poland but my favorite and best friend was Julia. I hope to return to Poland one day and spend time with those people again.

Muhammet Yılmaz

Poland is a very nice place people are very friendly and helpful lovers me and his family at home very good to me Aleksandra and his friends in the same way the school friends and teachers are also very good and friendly people.

People who have this culture turns out to be very nice.

Efe Taş

Poland is a very nice place I've gone I'm so excited to meet everyone who loves family and polish people.

I am very happy to come to Poland. I had new friends. I've had great experiences. People are so hot. The best I've had in 5 different countries was Polish. Nell took good care of me. I think we got along really well. Their kebabs were so good. :)
