Visitor from Spain

My experience in Poland was amazing, Lukasz's family treated me very well at all time, we did a lot of excursions that were very good, i enjoyed the visits to Wroclaw and Zienola Góra.

Nowa Sól is an incredible city, the people there is very friendly and it the town itself is very nice.

At the Nowa Sol school we enjoyed our time with the different groups from Poland, Turkey and Austrian. We share a lot of time speaking in English with the other groups while doing the workshops and the activities of the project.

We did a lot of friendships that will last forever. I hope coming back to Poland, they have made me feel as part of their community.

Thank you.
