

Hannah Reiter

Hello! My name is Hannah and I was born on the 3rd of March 2003, so I'm 15 years old. I live with my family in Lind, a little village near to Velden in Carinthia.

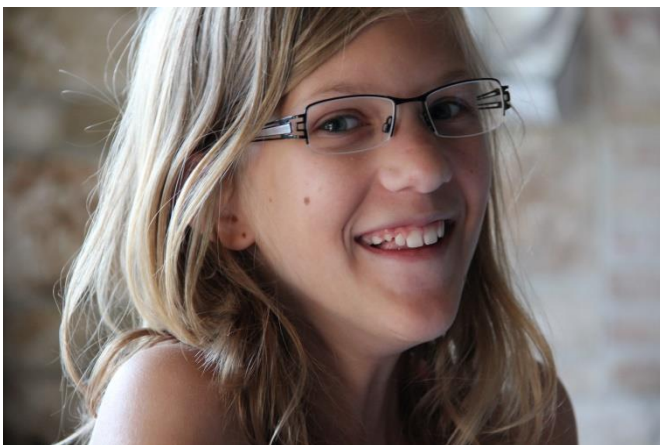

In my family we are 5: My father Oswald, my mother Sonja, my 8 years older sister Katja, my 4 years older sister Daniela and me. Katja is married to Raffi. Daniela is in Israel for one year and works there in a kindergarten. My two cute bunnies, Jocy and Robin, complete our family.

I attend the second class of the higher technical college for biomedical engineering. I really like this school, I am especially interested in all the technical stuff like the workshops or informatics lessons and I also appreciate the medical part of our school.

I really like music. I have played the electric guitar for two years, before that I played the classic guitar for 5 years. I go climbing once a week. In summer time I prefer via ferratas or rock climbing outdoor.

I am looking forward to get to know Spain better, meeting you and improving my English.

I can't wait to come to Spain,

My sister Daniela and me

Serrano Balbin Nicolas
friends and family.

Nicolas Serrano

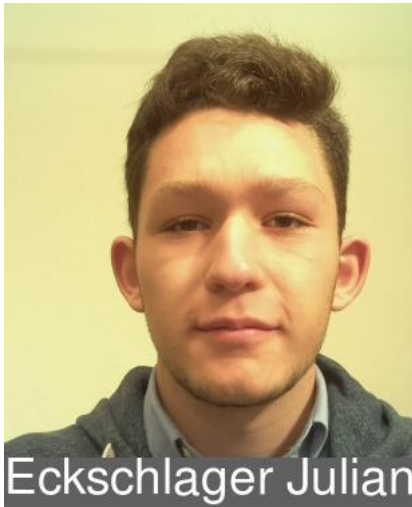

My name is Nicolas Serrano and I'm 15 years old. I am from Austria and I attend the HTL-Mössingerstrasse, a higher technical college. My hobbies are rockclimbing, hiking and skiing. I'm interested in computers and in medicine. In my spare time I like to either do my hobbies or to hang around with my friends. In my summer holidays I normally fly to Spain to visit my family, because of that I can speak Spanish. In the winter holidays I like to do sports with my

Wiktor Rauter

Hey, my name is Wiktor Rauter, yes with "W", don't ask why, it's a long story... My birthday is on the 4th of October and I'm currently 18 years old. I live in Carinthia which is located in Austria. I have three brothers of which one is 9 years old, so I know how things can get at home ;). I'm currently attending a secondary technical college which is called "HTL-Mössingerstraße" in Klagenfurt. I'm in the 4th grade. I really like swimming and playing soccer, although I'm not a pro player at it... I also like to just make a few push-ups for good health and to stay fit or simply cruise around with the bicycle. I'm really looking forward to that trip to Spain, I think it's going to be awesome!

Julian Eckschlager

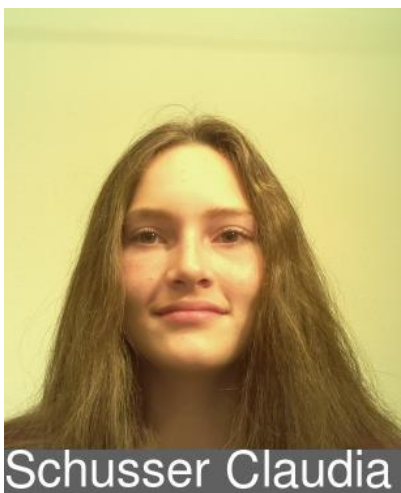

My name is Julian Eckschlager and I'm 17 years old. I am from Austria and I attend the „HTL Mössingerstreet“.

I live with my parents and my dog Sira in a rowhouse in Klagenfurt. My hobbies are rockclimbing, hiking, skiing and swimming.

I have been working for the water rescue in the summermonths for four years and I have been in the mountain rescue for a year. I can speak two languages: German and English. Last summer I was in Malta for three months to learn English.

Katrin Hribernik

My name is Katrin Hribernik and I am 16 years old. I live in Carinthia, Austria and I am a student of the HTL Mössingerstraße for biomedical engineering. My hobbies are playing the piano, hiking and reading books. I am very interested in medicine that's why I like to read about biology. In my spare time I usually go for a hike with my friends or I just hang out with them. I speak German, Slovenian and English. I am particularly interested in English that's why I really like the idea of this project meeting. I would prefer to stay at a girl's house.

Claudia Schusser

Hello, my name is Claudia Schusser and I'm 15 years old. I attend the Higher Technical College for Biomedical Engenierring in Klagenfurt. After school and on the weekends you can find me in the ice-rink playing ice hockey or I'm at home with my two siblings, my mom and my dog.

Selina Elbischger

Hello, my name is Selina Elbischger and I was born on September 21 in 2002, so I'm sixteen years old now. I live together with my little sister Leonie, my father Pierre and my mother Alexandra in Carinthia, Austria. Our five-year-old Golden Retriever called Duke completes the family. We live in a nice house near Klagenfurt with a huge garden.

Currently I attend the second year at the higher technical collage for biomedical engineering in our city. My favourite school subjects are medical device technology (MGT) and informatics. Although my English is not brilliant, I like the language because it allows me to communicate with people of other countries. I guess this project will help me to improve my English.

Approximately ten years ago I attended the local athletic club here in Klagenfurt. I started the training in different athletic disciplines but for the last two years I have specialised in running at distances between 800 to 7000 meters and hurdle running. In winter I go alpine touring with my father and Duke. When I visit my aunt in Schladming in Styria I go horse-riding every time.

Last year I started to train the younger children in our athletics club. They are sooo cute and it is a lot of fun to play some thrilling games with them.

I have never been in Spain and it's a very exciting opportunity for me to visit and learn something about your culture and meet new friends. I'm looking forward to having a great

time with you in your country,
