MARCH, 2019

Hi, I'm Mercedes and the last week I had a great time at school.

The students from other countries were with us and we had a lot of fun, they were very good people and funny.

During this week I could learn and improved my English level a lot, and it was at the same time I did a very good new friendships.

I liked that we had exchanged our meal, customs and our daily routines , but what I didn't like was that it was a short period of time because in my opinion, with more time we've learnt more English language.

During this time I could realize that the English is very important for my development in my studies and for my future too.

I loved that we were all together and that we were so united as if we were friends for ages. All the teachers were very attentive persons with all of us.

I'm eager to to go to Austria in September with all my mates from my school to meet our new friends forever.

Hope everything will be all right.

Best regards, Mercedes.
