

On the first day, Spanish host families took us from the bus station and I stayed at Beatriz's home(She's my Spanish mom. 😊) She hosted me very well. When I first went to my bed, I was very happy to see the note, "Welcome home in Spain." We started our programs on Monday. We visited Majal Blanco. MARCOS, who left us fascinated by his energy with funny humor and even his eating a lot of food, loved you very much. We did a common logo drawing with other students about the project. Spanish food was very good at the dinner presentation on Wednesday. I hope you like Turkish food. I've saved a lot of memories that don't come to my mind right now. I loved you all so much I will come again to Spain. Give my love to Spanish students. I love you guys so much.

Ökkeş NARLIOĞLU

This is my first time in Spain. I'm very happy to come to here and my family was very good. Viri, I miss you so much. I like the Majal Blanco school. The Spanish local dishes were very nice. Getting to know students from different cultures was a lot of fun for me. I have a lot of friends now. We have made mobile applications workshop. I was interested in that. I had an opportunity to improve myself. I love Spain. I hope I can go back some day. Gracias por todo. 😊

Ebancañ BAŞAR

Hola! 😊 I have met many good friends during my time in Spain. My family was very good and they took very care of me. Murcia is a very clean and beautiful city. Murcia's history told us about the tour guide. I loved their food because I like fish. Spanish teachers were very fun. They took very care of us too. We went to the Cartagena Beach. I particularly liked this part too. The weather was so sunny. Thanks for everything. See you again.

Alper Eren AÇIKGÖZ

Spain is a very nice place. I have met a lot of friends and I like Abel the most. I liked the food. It was so much fun to try new flavors. My host family was very kind and good people. I had a lot of fun with other students while doing logo workshop. I have learned flamenco dance from Spanish students. My trip to Spain was a very good experience. I'm very happy to know you all.
